

RF-Plasma Interaction Training, group of ST MICROELECTRONICS SRL, Italy, delivered by Tarek Belladji in November 2020.

Vacuum technology & Maintenance training

To support manufacturing and research

REMOTE TRAINING

BLENDED LEARNING

40-30 HQ

29 Boulevard de l'Europe • 38170 Seyssinet-Pariset • France

Vacuum technology & Maintenance training

REMOTE TRAINING - SCHEDULE

REF.	TRAINING & ORGANIZATION	DURATION	DATES 2021	PRICE ex.VAT
EL111-2	Vacuum physics and technology level 2 (advanced) 15 hours : Live Online Training – 3 hours per day 5 hours : eLearning and case studies	20 hours	March 01 → 05 May 17 → 21	1380 €
EL111-4	Dimensioning of vacuum systems 14 hours : Live Online training – 3:30 hours per day 6 hours : eLearning and case studies	20 hours	March 08 → 11 May 25 → 28	1860 €
EL311	RF Principles and technics 12 hours : Live Online Training – 3 hours per day 4 hours : exercises (theoretical calculations and diagnostics)	16 hours	March 09 → 12 June 15 → 18	1104 €
EL313	RF Plasma interaction 12 hours : Live Online Training – 3 hours per day 4 hours : exercises (theoretical calculations and diagnostics)	16 hours	March 16 → 19 May 18 → 21	1104 €
EL117	Residual gas analysis and mass spectrometry 15 hours : Live Online Training – 3 hours per day 3-5 hours : exercises (theoretical calculations and analysis)	18 hours	March 09 → 12 May 25 → 28	1674 €
EL511	Prevention of chemical and gas risks 385 € from 3 participants	7 hours	March 18 → 19 <i>in the morning</i> April 13 → 14 <i>in the afternoon</i>	700 €
EL215	Clean concept: behaviors in cleanrooms 240 € from 3 participants	4 heures	March 25 <i>in the morning</i> April 22 <i>in the afternoon</i>	500 €

BLENDED LEARNING FIRST PART ONLINE WITH AN EXPERT AND SECOND PART IN 40-30 WORKSHOP

REF.	TRAINING & ORGANIZATION	DURATION	DATES 2021	PRICE ex.VAT
BL111	Vacuum physics and technology and the practice of helium leak detection	24 hours	17 hours, remote training March 08 → 12 <i>in the morning</i> May 24 → 28 <i>in the morning</i> 7 hours, hands-on in 40-30 workshop March 30 <i>Paris, France</i> June 29 <i>Grenoble, France</i>	1656 €
BL412 BL413	Preparation for the COFREND level 2 certification exam - COFREND LT 2 <i>Theory, writing of operating procedures and practical work</i> Live online training with the trainer every morning during 4 hours. Personal work every afternoon: eLearning, exercises, quizzes and writing operating procedures.	108 hours	48 hours, remote training March 05 → 12 June 04 → 11 60 hours, hands-on in 40-30 workshop April 07 → 16 <i>Grenoble, France</i> June 23 → July 02 <i>Grenoble, France</i>	5500 €

VIRTUAL CLASSES AND ELEARNING WITH CASE STUDIES | Maximum 6 participants per session | Effective training with less travel!
